(54) Title: COSMETIC CONTAINER, COSMETIC APPLICATOR, AND METHODS OF MAKING THE SAME

(57) Abstract: A cosmetic container for holding a cosmetic mass and connecting to an applicator head (22), including a collapsible reservoir (12) including a generally tubular wall (14) sealed at one end and a tubular neck joined to the reservoir (12), the neck including a coupler (30), and the interior of the neck communicating with the interior of the reservoir (12); a cosmetic applicator (10) for holding and applying a cosmetic mass, including a collapsible reservoir (12) including a generally tubular wall (14) sealed at one end and a tubular applicator head (22) joined to the reservoir, the interior of the applicator head (22) communicating with the interior of the reservoir (12), the applicator head (22) including a rigid base portion (40) adjacent the reservoir (12), a tip portion (44) including one or more discharge openings (48), a plurality of fibers disposed on the outer surface of the tip (44), and the outer wall of the applicator head (22) including an outer coupler (32); and methods for making the same, are disclosed.
